VOL. 07 JUNE 2007 NO. 3

RESIDENTS CORNER

Hello Everyone. What an amazing Club we've got. I had a great time this last weekend at Graner's, but Derby's always do that to me. At the rules meeting I could feel the excitement starting to build. There were hesitant conversations about what the river was doing, how the fish were reacting, what the coming front was going to do to the fishing, and all with one eye over the shoulder to make sure no one was listening. The same held true at the fish fry Friday evening as the front got closer and the river wasn't rising like everyone had expected. Fishing was good though. Thanks to everybody that shared their bounty with us for the fish fry. We didn't weigh the filets, but I'm guessing we fried about 65 # of fresh walleye. Along with the french fries, breaded mushrooms, seasoned tater tots, onion rings, dill pickles, and refreshments, it was a feast. The weather was beautiful, mid 90's, and life was good. Saturday morning was a little cooler, mid 40's to low 50's with a gray sky that stayed with us all day. Rain threatened, but never showed, which made it bearable. The Missouri River/ Lake Oahe showed her magic and blessed the majority of the teams with a limit of fish. These fish are solid bodied and as healthy as I've ever seen them. Congratulations to everyone that took part in the tournament, you truly are all winners. You represented the Club well on the water as sportsmen and you treated the committee volunteers with the dignity and respect they deserve. To the winners that cashed a check and took home trophies, you bested the best. My hat is off to you. My deepest gratitude to all of you that lent a hand and made this the fantastic event it was. You were part of a great team.

Our annual Take-a-Kid Fishing Day is right around the corner, June 9th at Sweetbriar Lake. Paul's got an article inside with all the info. By now you all know I'm a feedback kind of guy. I want to hear your comments, ideas, and suggestions on anything you wish to talk about. One area we need to discuss is Kneifel Landing. We need input from you on what should be done at this site. The Burleigh County Park Board is discussing this as we speak and they would like your opinion. You can communicate your thoughts directly to me or any of the other officers & board members. All of the names and phone numbers are on the back of this page. In addition, my cell number is 527-5759 or you can e-mail me at rtfink@bis.midco.net. Thank you for making this a great organization. Have a great summer. Wear your Club logo with pride.
Richard

TAKE A KID FISHING JUNE 9TH 2007- BE THERE OR BE SQUARE

Hi Everyone,
Cary, Summer and I (Paul), first off want to THANK EVERYONE that helped us out last year. Well now it is another year and yes there is nothing more important then why we belong to this club. Yes, the kids, growing up wanting to do nothing more then hunt and fish. That is where we come in, with your help we cannot only teach them to fish but have one of the most rewarding experiences of our and their lives. Taking time on one weekend (June 9th 2007) will not spoil your whole summer. On a last note, dedicate this weekend, prizes will be given, meal will be served and all you have to do is volunteer. You can contact us at takf@bis.midco.net or call Cary at (H) 223-3683 Cell 202-0838 or Paul (H) 222-3683 (cell)471-9520 We would like your name, address, phone number(s), email address and what you would like to do.
Thanks Again your Best Friends,
Cary, Summer & Paul

HOW TO "KILL" A FISH CLEANING STATION

This insight comes from Vern Davis of the Morton County Parks. The major component of a fish cleaning station is the grinder. The most common damage to the grinder is caused from fish hooks and fishing line, especially the "super" lines we use today, such as fireline. It is important to remove these from the fish carcass before it's put into the grinder.

ADDRESS LABEL & CHANGE OF ADDRESS

Your address label includes the date your club dues will become due and your complete address. If any of these are incorrect, please contact us. Notify us with your change of address as soon as you can. The Post Office charges a \$1.00 fee for each piece of mail returned. Help us avoid this cost in the future.

**BIS-MAN REEL & REC CLUB
26TH ANNUAL WALLEYE DERBY
GRANER PARK
MAY 19, 2007**

The Bis-Man Reel & Rec hosted their 26th Annual Walleye Derby May 19, 2007 at Graner Park in the Sugarloaf Bottoms south of Mandan. Seventy Six teams competed for a prize pool of \$7,680. The top eleven places and the team with the largest walleye received cash prizes.

In conjunction with our Main Walleye Derby, the participants were offered the option of entering a side tournament called The Boat Ramp & Special Projects (BRSP) Derby for \$2400. in additional prize money. Fifty three teams opted in to the Derby, with the top ten teams cashing a check.

The proceeds from the Main Derby go to our Take-a-Kid Fishing Program and the proceeds from the BRSP Derby are used for public projects in cooperation with the ND Game & Fish Department, Burleigh County, Morton County, and the cities of Bismarck & Mandan.

The Winners of the 26th Annual Walleye Derby, Aaron Franklund, Robert Bauer, Austin Bement, and the Champions of the Special Projects Derby, Brian Fetting, Matt Dietrich, and John Dietrich have carved their place in Reel & Rec history. Congratulation to all of you. I'm proud of you. The conditions were far from ideal, but you came through.

There were 423 Walleyes weighed-in with a combined weight of 889.13 lbs., yielding a 2.10 average. On Sunday morning, 27 pounds of fresh Walleye filets donated by the Derby teams were delivered to the Ruth Meier's Hospital-ity House

If you didn't get a Derby cap or t-shirt and would like one, I've got 8 caps and 3 XL shirts left for purchase at \$5 each.

A huge thank you to the sponsors for your participation, your contribution, and your continuing support. We look forward to working with you again.

Thank you to Vern Davis, Morton County Parks, and Mary Ellen, Graner's Park Host, for accommodating us for the weekend.

To the Committee and Volunteers, thank you for your time, efforts, versatility, expertise, guidance, patience, and companionship. This event wouldn't have been the same without each and every one of you. I started this article trying to identify each person and describe the tasks you were involved in. Because so many of you were multi-tasking, the names became repetitive and the article was ten pages long. The main thing is, you know that I know how valuable you were in making this a successful event for everyone. Thank you.

FAMILY FISHING DAYS

On Saturday, June 2nd the North Dakota Game and Fish Department is kicking off the 2007 fishing season by holding a family fishing day at the OWLS pond located at the Department Headquarters on E Bismarck Expressway. Hours will be from 10am until 5pm and there will be fishing rods and basic tackle available to check out free of charge. Each family will receive a container of bait to get them started and the first 100 kids 14 and under will also get a free gift. Between 12pm and 2pm we will be serving hot dogs and refreshments on a first come first served basis.

A pond enhancement project was recently completed that improved the fishery and greatly increased shoreline access. Spring netting indicated the pond had great winter fish survival. In addition, 600 Rainbow Trout and 150 catfish were recently stocked. Another load of Rainbow's are scheduled to be stocked, and if the fisheries division can find them, bluegill's and large mouth Bass.

Saturday, June 2nd also happens to be free fishing weekend so adults do not need a fishing license to participate. There are no bait restrictions, the pond is catch and release, and the area is handicapped accessible. It's important to note that while the area is located in town, the area is still fairly primitive. There is a picnic shelter and benches where you enter the site, but other than that there are no toilets, running water, fire rings, and very little shade around the pond. Parents are encouraged to bring water, sun-screen, and clothing to protect your family from the elements. Pets, glass bottles, or alcohol are not permitted on the OWLS.

This event also kicks off a new program we are offering to encourage parents and other adults to take a kid fishing. From June through August we are going to have fishing equipment available to check out on Wednesdays and Saturdays from 9am-7pm. Parents be aware that while there will be adults in the area to answer questions, there will be little or no direct supervision. This is not a daycare program. If kids aren't old enough to get to the pond on their own, they need to have an adult with them. We simply want to provide a fishing opportunity for kids and families that's safe, close and you stand a great chance of catching a fish. The only thing they really need to bring on those days is bait. Worms seem to work best overall, but minnows, corn, artificial bait or any number of lures all work. We are trying out this program for the summer. If we get good response from the public, and enough volunteers to support the program, we will keep it going.

We also want to let the people know the OWLS pond is open to fishing year round during daylight hours. The site includes a 70 acre demonstration area with a walking trail that winds through several habitat areas which include native grass plantings, trees, and many wildlife viewing opportunities.

It's important to get the word out to families that fishing is a great family activity. It keeps kids off the street and gives them a break from all of the video games and other electronic gadgets. Kids who spend more time outdoors, particularly interacting with natural environments and less time in the virtual world receive better marks in school, have higher self esteem, and lower anxiety levels. We want to reach out to parents and let them know that fishing is fun, safe and requires very little expertise or equipment. You can catch fish from shore on a fishing pole bought at a rummage sale, with worms dug from the garden.

We are looking for volunteer's to assist with this program. It fits right into our existing Aquatic Education project, the main goal of which is to introduce kids to fishing. You don't need to be a professional fisherman or teacher to become an instructor, all that's needed is an interest in introducing our youth to fishing. Volunteer fishing instructors receive a hat, t-shirt, newsletter, invitation to a yearly banquet, access to fishing equipment and training aids, as well as recognition items for years of service. If you are over 18 and have an interest in teaching kids to fish, contact Jeff Long at 328-6322.

SPONSOR SPOTLIGHT

This newsletter's sponsor spotlight is on our McLean County friends. Memberships from McLean County and the surrounding areas has grown steadily the past few years due in great part to the Ice Fishing Extravaganza held each year on Lake Audubon. Along with that growth is the increase in Club sponsors from that region. The Totten Trail restaurant, bar, and cabins, located on the north shore of Lake Audubon just off Hwy 83, is home to the "Best Hamburgers in North America". The Garrison Motel is situated along Hwy 37 in Garrison, ND. If you're looking for a quiet, comfortable place to spend the night, Dennis & Irene will take good care of you. The Stoney End Supper Club and the Stoney Hill RV Park are next to each other on the N side of Hwy 37 at the east edge of Garrison. The Stoney End's menu covers a wide range of foods from appetizers to a full course meal and the atmosphere in the Cabin Fever Lounge is very warm. If I wasn't in the area fishing, I would make the drive just for Rick & Vickie's Prime Rib. The Stoney Hill RV Park next door has all the utilities for an extended stay, whether for the night, week, month, or season. Within walking distance of food, beverages, grocery store, and a golf course. Why would anyone want to tow their camper back and forth?

Thank you all for your sponsorship and support.

**BIS-MAN REEL AND REC
26TH ANNUAL
“TAKE A KID FISHING DAY”**

The Bis-Man Reel and Rec will hold it's 26th Annual "Take a Kid Fishing Day" on Saturday, June 9th, 2007 at Sweetbriar Dam located approximately 20 miles west of Bismarck along Interstate 94. Please fill out the form on the back and send it to the address listed below. This event is preferably for children under the age of 16 with the exception of physically or mentally challenged individuals.

There will be a medical volunteer such as a nurse or doctor to provide any medical attention that may be needed. Please fill out the medical information waiver and special information section on the attached application and send any special instructions on its administration.

Please have your child dress appropriately for the weather keeping in mind that it is generally cooler by the lake. Also, medications and instructions on its use should be sent with your child.

Children taking the bus need to be at the assembly areas in time for an 8:00 AM sharp departure! You may pick your children up at the same spot at approximately 3:00 PM.

All children must ride home on the same bus they rode out to the lake. **NO EXCEPTIONS!**

In case of inclement weather, please stay tuned to KFYZ – AM 550 radio for any announcements.

QUALIFICATIONS

Children who do not have the means to go fishing.

Children of single parent families or parents who do not fish.

Children and parents who do not have the means to fish but would like to spend a memorable day fishing with their children.

Age preference for children should be under the age of 16. But anyone is welcomed.

Mentally or physically challenged participants, group home and special needs participants are exempt from the above age request.

Volunteers of the Bis-Man Reel and Rec Club will provide supervision. All persons attending this event must have a signed permission and emergency medical waver slip prior to loading on the bus. If parents bring their child or children out to Sweetbriar Dam they must sign a permission slip at the registration table. Pre-registration is encouraged so we have an idea of how many participants we need to prepare for.

If a child or person has special needs or medicine or any other medical condition, please list all the information on the permission slip and medical waiver. We will have a medical volunteer in the form of a nurse or doctor to administer any emergency medical attention.

Any questions or comments please call at 222-3683 or cell 471-9520 or email at takf@bis.midco.net.
