VOL. 12

JANUARY 2018

NO. 2

Happy New Years to all fellow fishermen!

Well another year is in the books. It seems like the older we get the faster time goes by. The club had very good turnouts at our events again this year.

We had some new volunteers help but could always use more. Even if you do not want to volunteer to help at an event, coming to a meeting with your ideas would be a big help. Just to let the members know the club buys about 99% of the raffle items at our events. Going out and soliciting businesses for items had become too time consuming. I want to say a very big thank you to the business's that still donate to the club, and want to encourage club members to support the businesses that advertise in our newsletter.

The North Dakota Game and Fish has many good videos on YouTube to watch and also good info on their own website.

Looking forward to another good year. Be safe, be courteous, and enjoy yourself, it is just fishing.

- Don Schick, *President*

ANS AQUATIC NUISANCE SPECIES

REGULATIONS:

INSPECT
WATERCRAFT FOR ANS

REMOVE
PLUGS, PLANTS & ANS

DRAIN
ALL WATER

NORTH DAKOTA FISH AND WILDLIFE DEPARTMENT FOR A COMPLETE LIST OF REGULATIONS VISIT EF-ND.COM

PROTECT NORTH DAKOTA WATERS from Aquatic Nuisance Species

Clean - Drain - Dry

Zebra mussels from the Red River

Aquatic nuisance species are nonnative plants and animals that threaten fishing, boating, swimming and other water-based activities. North Dakota has carefully crafted regulations to help prevent the introduction and spread of ANS.

Summary of North Dakota Laws

- Remove all aquatic plants and organisms from equipment (such as boats, docks, commercial equipment) before leaving a water access.
- Drain all water.
- Keep plugs pulled during watercraft transport.
- Transport bait in 5 gallons of water or less.
- Drain bait water when leaving ANS infested waters.

In addition, it is highly recommended that boaters dry their boats, or power wash with hot water, between uses.
