VOL. 12

NOVEMBER 2018

NO. 2

I guess we made it through another summer. Thoughts are turning to football and hunting. I think we will still get some of those days that we can go hunting in the morning and get the boat out and do some fishing in the afternoon. I'm going to throw this out there, fish cleaning stations are not bird cleaning stations. The grinders can not handle a goose carcass. Some of you may laugh, but this is happening and grinders are not cheap. The club will be having the usual events this winter, Ice Derby in February and Cabin Fever in March. Club elections will be held in December. I hope to see a few new faces at our meetings. Please don't think if you attend a meeting that you will get roped into something, that's not the way we roll..

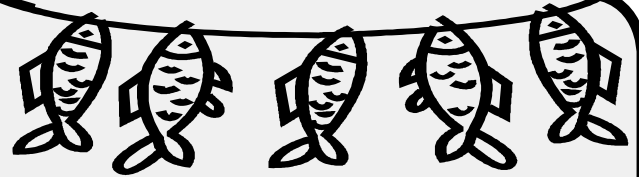

Don Schick

President

CABIN FEVER 2019

The Bis-Man Reel and Rec clubs annual “Cabin Fever Social” will take place this March 2019 with the facilities where it will take place to be determined. You will be notified in the January Newsletter of the where's and how's for Cabin Fever event. Also included in that mailing will be tickets for the event. Thanks for your support.

Jeff Herman, Board Member

North Dakota Sport Fishing Congress Upcoming Events:

The date for the Annual Banquet has been set for Saturday April 27, 2019 at AMVETS, Bismarck ND

For more information contact Marie Horner or a board member.

FISH ARE TOO VALUABLE TO WASTE
NORTH DAKOTA GAME AND FISH DEPARTMENT

PROTECT NORTH DAKOTA WATERS from Aquatic Nuisance Species
Clean – Drain – Dry

Zebra mussels from the Red River
Aquatic nuisance species are nonnative plants and animals that threaten fishing, boating, swimming and other water-based activities. North Dakota has carefully crafted regulations to help prevent the introduction and spread of ANS.
Summary of North Dakota Laws
• Remove all aquatic plants and organisms from equipment (such as boats, decoys, commercial equipment) before leaving a water access.
• Drain all water.
• Keep plugs pulled during watercraft transport.
• Transport bait in 5 gallons of water or less.
• Drain bait water when leaving ANS infested waters.
In addition, it is highly recommended that boaters dry their boats, or power wash with hot water, between uses.
For more information on ANS and regulations, visit gf.nd.gov/ans
