President's Comments... As the days turn shorter, we start thinking about putting the boats away. One of the great things about the change in seasons in the north country is the opportunities it creates. As the open water season wraps up, the ice season is just beginning. I hope you all get a chance to experience a frozen lake sometime this winter, ice fishing is a great hobby. For those of you that don't ice fish, this is a great time to reflect on the past open water season and prepare for the next.

with Corey Heiser and Troy Morris

To submit your questions for Corey & Troy go to the FM Walleyes Unlimited facebook page or e-mail them to kyle.agre@gmail.com

NOVEMBER'S QUESTIONS:

What do you do during the time between open water angling and early ice fishing? Do you have other hobbies or are you still in fishing mode?

Corey Heiser- *I try to open water fish as long as possible. Then, it's time to sell the Ranger and get my tackle reorganized and accounted for. I inventory all my tackle and make lists of needs and wants for the next season. With these lists, I can watch sales all winter and restock what I need. It's also time to make sure the auger runs, put new line on my ice fishing reels, etc.*

Troy Morris- *I will take fall fishing trips up to when the water is frozen. I have caught some of my largest walleyes during this time and would not miss it, as well everyone else is in hunting mode so we will have most of the lake to ourselves on the best spots. I also do quite a bit of hunting and will try and hunt during the morning and fish during the afternoon when it warms a little.*

How do you approach early ice? Favorite lake, technique, species to target?

Troy Morris- *I like to target perch on early ice which devils lake is becoming the perch lake once again with several over 13" now and an abundance of them.*

Corey Heiser- *I like to fish some of the smaller ponds and lakes for perch. Those lakes freeze up early and most of them are small enough to walk out on. I typically target the deep water breaks and basin for perch and walleyes. Electronics and mapping are key. I've been using my Lowrance HDS 5 for ice fishing and its absolutely key for both the mapping and sonar.*

For those considering upgrading or purchasing a new or different used boat for the 2013 season, what opportunities are there to shop the market during the winter, what sort of time table should we be considering?

Corey Heiser- *Most of the pros and prostaff boats are for sale in the fall, so if you're looking for a one or two year old boat those are available. Many of the dealers are trying to clean up their inventory before the first of the year as well, so many times a great deal can be had. After the first of the year, the boat show season starts and all the new models are out. Boat shows are a great time to buy, with the boat companies and dealers offering incentives. The dealers have a lot of inventory and want to get a good idea of sales for the year.*

Troy Morris- *If you are considering to purchase a used boat there is no better time than the present. While people are looking to store their boats it is also in their mind to sell it. You might be able to get a deal this time of year because dealerships also don't want to sit on that money over the winter tied up in a used boat on their lot. You would also have time to fix what needs fixing and be ready for the spring fishing season.*

SPONSOR SPOTLIGHT

FM Walleyes Unlimited has benefited greatly from the many sponsors that have generously given to the club so that it can work to fulfill its mission of “promoting conservation, sportsmanship and education with respect to walleye fishing”. Walleye Lines’ Sponsor Spotlight features those organizations that sponsor FM Walleyes Unlimited through financial and other contributions. Please consider patronizing these organizations and thank them for their contributions to the club.

Gate City Bank

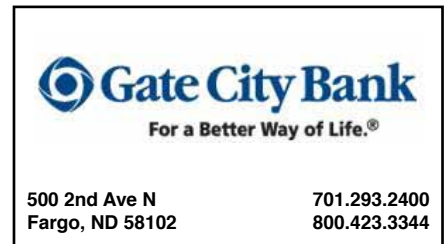

Gate City Bank, a leader in the local banking industry since 1923, is again a sponsor of the annual Anglers’ Night, On Ice! event. Gate City Bank has been a sponsor of this event for a number of years, allowing the FM Walleyes Unlimited the opportunity to bring the best personalities in the ice fishing industry to its members each year.

Gate City Bank is a mutual bank and serves its customers through 32 offices in North Dakota and Minnesota. They provide a full line of banking services and offer checking customers free online banking and bill pay, free ATM and Check Cards, and automatic refunds of their ATM fees.

Chad Maloy, past president of FM Walleyes Unlimited and Sr. Mortgage Loan Officer at Gate City Bank, pointed out that Gate City Bank services its home loans locally. This feature, uncommon in today’s banking industry, allows customers to call Gate City Bank directly when they have questions about their payments, taxes, or insurance.

Gate City Bank also offers new and used boat loans. In the upcoming season of boat shows and preparing for next year’s open water season, contact Gate City Bank for your lending needs.

Gate City Bank is an Equal Housing Lender and a Member of the FDIC.

The Lake Place

You may have noticed the buzz of activity on Highway 10 in Lake Park while traveling to and from the lakes area. The Lake Place, formerly Bud’s Bait located at the corner of County Road 5 and Highway 10 in Lake Park has experienced many changes in the first year of new ownership by Corey and Raina Askin. Corey and Raina have brought their own welcoming style of customer service as well as the new name to this business. When referring to the changes they have made they said, “it’s not your grandfather’s bait shop”. The couple have focused on creating a positive experience for families, weekend anglers and tournament anglers alike.

Creating this positive experience began with a complete remodel of the interior the building, expanding the space and making it feel more inviting and welcoming. The additional space allows The Lake Place to carry a full line of tackle and fishing equipment, bait options for every angler, along with an assortment of food, snacks, and beverages from fresh coffee to soda to beer.

During the upcoming hard water season, The Lake Place will be offering customizable ice fishing rental packages available in daily or weekly durations. These ice fishing packages are flexible and may include a shelter, heater, auger, shovel, skimmer, chair(s), jigging rods, tackle and bait. They are designed to include everything needed for a successful day on the ice or can be customized to include the equipment that you do not own. The rentals will be available as soon as there is safe ice and continue throughout the ice fishing season.

If you are looking for an out of the ordinary type or quantity of bait, check out The Lake Place. They are always open to a customer’s requests and will do everything they can to get you what you need.

Stop on by on your way to the lakes to say hi to Corey and Raina, fill your vehicle with gas, grab a cup of coffee or other beverages and pick up bait and tackle for your trip. The location is convenient and they’ll have what you need to make your trip a success. For more information, check out The Lake Place on the web at www.thelakeplace.biz and The Lake Place’s facebook page.

LOCAL ANGLERS PLACE IN WORLD WALLEYE CHAMPIONSHIP

Local anglers, Corey Heiser, Fargo, ND and Ken Cumber, Jamestown, ND, placed 8th at the 2012 MWC World Walleye Championship on the Mississippi River in Prairie du Chien, Wisconsin. The Championship was an invite only event based on accumulated points during the 2011 season. Only 48 teams from across the Midwest received an invitation to compete in the three day event held October 18th-20th.

Heiser and Cumber precision casted crank baits to current breaks on wing dams and rock piles to catch their walleyes. “Just qualifying for the World Walleye Championship is tough, and to get a top 10, we couldn’t be happier” Heiser said. They weighed in 13 fish for 37.49lbs. Mike Dorris and Curt Olivier from South Dakota won the event with 15 walleyes weighing 43.99lbs.

Other local teams that competed in the event included

Troy Morris, Fargo -18th, Don Denning & Chad Maloy, Fargo-26th & Ron and Spencer Deutz, Fargo - 37th. The local anglers are also all members of FM Walleyes Unlimited, Inc.

NPAA OPENS DOORS TO YOUTH MEMBERS – “FUTURE PRO” PROGRAM

As the saying goes, “Some people talk; others do!” The National Professional Anglers Association new “Future Pro” program aimed at bringing more youngsters into the fishing fraternity is definitely in the “do” category. In fact, at a recent F-M Walleye Club meeting in Fargo, ND, 13 Future Pro anglers joined the prestigious organization.

These boys and girls, ages 7 to 16, became members and will realize significant benefits. Most importantly, they will become spokespeople for the fishing industry and “pass it along” by teaching other young people. Pat Neu, NPAA executive director said, “Our mission for years has been to grow the sport. I can think of nothing better than getting young people involved. Each of these new Future Pro Members has a passion for fishing that they can share with their friends in a positive way. Ultimately, we would love to see the “Future Pro” Members become a large percentage of our association’s membership ranks assuring a future for the NPAA and the sport.”

Signing as a Future Pro was Blake Meyer, 15, son of Steve and Mary Beth Meyer, Moorhead, MN. He already has fishing in his blood and was part of the 2012 Angler Young Angler Championship team on Devils Lake. Even though math and science are his favorite school subjects, Blake wants to get better at what he loves – fishing. “My life revolves around fishing. I taught my sister to fish and hope to bring other young people into the sport.”

Also among the inaugural class of Future Pros was Tony Agre, 16, son of Kyle and Rachael Agre, Fargo. “This pushes me further along the road to being a better fisherman and learning the tricks of the tournament world, also. I will fish with a buddy in the club’s Wednesday night league to start.” He was part of the 2010 Devils Lake Angler Young Angler winning team. Tony has helped his father with many youth programs and said, “I liked hearing fishermen closer to my age when I was young, and will keep that tradition going.”

Tony’s dad Kyle said, “There is a great synergy between our club and the NPAA. We have the same goals, and the Future Pro program will bring in the young people. We already conduct youth classes promoting conservation, sportsmanship and education, but our kids marching alongside will really help.”

F-M Walleye past President Chad Maloy said, “It’s important to get kids excited about fishing and on the water. This works! The parents liked it because it’s affordable and reduces tackle costs for Future Pros. Kids relate to younger people.” The next F-M Walleye Club meeting features fishing pro and guide Jeff “Gussie” Gustafson on ice fishing, Nov. 29 at Kelly Inn in Fargo. A youth class is also set.

Future Pros join the NPAA for \$20, and have access to the attractive “members-only” tackle discount program. They receive newsletters, Future Pro decals, a Future Pro shirt, and no-charge admission to the Jan. 4-6, 2013 annual NPAA conference when accompanied by a NPAA member.

The NPAA is a non-profit organization focused on growing the sport of fishing and increasing the professionalism of its members. Supporting partners include Navionics, Mercury Marine, Evinrude Outboards, Yamaha, Lund Boats, Ranger Boats, Skeeter Boats, The Next Bite, Oahe Wings and Walleyes Guide Service, Outdoor First Media, Pure Fishing, Fish On Kids Books, Advanced Tex Screen Printing, Worldwide Marine Insurance, FLW Outdoors, AIM, North American Media Group, Frabill, Cabela’s National Walleye Tour, John Butts Outdoors, J.J.
