Promoting conservation, sportsmanship and education in respect to walleye fishing.

Gary Roach "Mr. Walleye" to Honor FM Walleyes Unlimited, Inc. as a 2011 Fresh Water Fishing Hall of Fame Inductee

FM Walleyes Unlimited has been accepted as a 2011 Fresh Water Fishing Hall of Fame inductee in the 'Organization/Corporate or Government Entity' category. The Fresh Water Fishing Hall of Fame, located in Hayward, Wisconsin has been in existence since 1976 to honor those groups and individuals who have had a significant impact on the fresh water sportfishing world. This particular category honors groups that "have demonstrated and/or performed a valuable service or act to benefit fresh water sportfishing within its jurisdiction or the boundaries of its organization whether local, regional or national".

This well deserved honor reflects the strong history of supporting angler education, youth activities and community involvement that has defined the club since its inception in 1977. A special 'Thanks' and recognition needs to be given to the current and past club presidents, distinguished member award winners, board members, volunteers and club members who have made FM Walleyes Unlimited worthy of induction into the Fresh Water Fishing Hall of Fame. Without the contributions of each of these people the on-going accomplishments of FM Walleyes would not be possible.

'Thank you' to Arlin Shalekamp of the MN DNR, Babe Winkleman, Gord Pyzer, Pete Harsh, Ted Takasaki, and Terry Steinwand of the ND Game and Fish Department for each writing a letter on behalf of FM Walleyes and serving as a reference for the application for induction into the Hall of Fame. In addition, "Thank you" to Bill Gautsche, Jr., Awards Committee Chairman and the other Awards Committee members of the Fresh Water Fishing Hall of Fame for recognizing the accomplishments of FM Walleyes and granting induction into this prestigious group. The application that was submitted to the Fresh Water Fishing Hall of Fame is available to view on the FM Walleyes Unlimited website, www.fmwalleyes.com.

We hope that you can join us in celebrating this special event during Anglers Night On Ice, Thursday, December 9th at 7:00 p.m. at the Kelly Inn on Main Avenue in Fargo. Mr. Walleye, Gary Roach will be on hand representing the Fresh Water Fishing Hall of Fame. Gary will present FM Walleyes Unlimited with the 2011 induction plaque during a short presentation prior to the Anglers Night On Ice program. It's going to be a night you won't want to miss!

FM Walleyes, Inc Presents: "Anglers on Ice With Zippy Dahl"

Steve began guiding ice fisherman in 1995 and is one of the founding members of the Perch Patrol. He is the captain of this famous guide team and does most of the behind the scenes work with marketing, scheduling, and organizing the reservations.

Zippy has been one of the familiar faces representing the Perch Patrol on numerous outdoor television shows such as Tony Dean, Midwest Outdoors, Kent Hrbek Outdoors, ESPN's Backroads with Ron Sherra, and North American Fisherman.

Zippy is also busy guiding customers for Mitchell's Guide Service during the summer months on Devils Lake. From pitching and trolling crankbaits to slip bobbering the flooded timber, Zippy enjoys putting his customers on some world class walleye and northern pike fishing.

Zippy is one of the founding fathers of the famous "Perch Express", which has become the most popular ice fishing trip in the industry. In 2006 this famous package was given the "Governor's Award" for North Dakota's Best Vacation Package. His favorite species to fish is definitely jumbo perch but he also loves to target walleyes and northern pike. Zippy enjoys teaching and watching his clients catch fish and is a firm believer that a successful guided trip is about more than just catching fish; its about having a good time and becoming a better fisherman along the way.

Zippy is an expert fisherman in his field and region. He'd be happy to help if you have any questions about using Vexilar products within his area of expertise.

OCTOBER MEETING WITH ERIC OLSON RECAP

The October FM Walleyes unlimited, Inc. member meeting was held at El Zagel on Thursday, October 21. The people that attended were greeted outside by a couple of beautiful Ranger boats on display, compliments of Rays Marine in Moorhead and the speaker for the evening. When the meeting started, there were a few business items to discuss and then the speaker was introduced. Eric Olson, FLW Walleye Tour Pro, started the seminar by making every person in the room stand up, raise their right hand, and promise not to share his secrets. Even though he was joking (I think), there were plenty of secrets that were given out to those in attendance.

During the evening, Eric spoke about the tactics and tricks he used to win the 2010 Lake Oahe FLW Tour event. As in many lakes, wind is a large factor on fish location in Lake Oahe. According to Eric, to fish this lake effectively, you need to figure out that the wind is doing to all the underwater structure and fish accordingly. Things to look for are points, breaks, trees, and/or suspended bait. He mentioned that breaking the lake up into small sections really helps to make a large lake like Oahe more manageable. It also helps to set up a "milk run" of spots for when the tournament starts.

Eric spent a lot of time discussing tips on how to effectively use the "Slow Death" rig. This rig has become very popular in the past few years and has won many tournaments. It was his weapon of choice for this event. A Slow Death rig is a specially bent hook with a 3 to 4 ft leader that is pulled behind a bouncer. One half night crawlers is always the bait of choice with slow death rigs. Many people have used and experimented with this type of rig with mixed results, but Eric gave some very good tips to ensure success. Eric says that the night crawler should "Roll" instead of just spinning in tight circles. The "Roll" is the triggering mechanism. The bait can be moved up and down on the hook to get the desired "Roll". Optimum speed is .8 to .9 mph.

To finish the meeting, Eric challenged everyone to think different, be different and to try different things that are a little out of your comfort zone. He said one of the best ways to grow as an angler is to use your weakest presentation for 1 entire year. After that year, it just may be your strongest presentation. Get out of the rut, and try something new, and stick with it.

"Special thanks to Ranger Boats for sponsoring the evening and providing us with a wonderful, informative speaker."

WWC PRESS RELEASE

For Immediate Release – October 20, 2010

Devils Lake, ND – Johnnie Candle and Dave Noble have been crowned the World Walleye Champions. The team won the Masters Walleye Circuit World Walleye Championship by beating 27 other teams on the Mississippi River near Prairie Du Chien, WI October 14, 15, and 16.

The team not only had to beat the best anglers in competitive fishing, but had to contend with a flooded Mississippi River. Southern Minnesota and Northern Wisconsin had been belted with up to 10 inches of rain and the river was running high, creating some very difficult fishing.

“Our first two days on the river were very uneventful,” cites Noble. “We didn’t catch anything at all.” By the third day of pre-fishing things started to look up. Two fish that day followed by three fish the next lead the team to the winning spot.

“On the final day of pre-fishing, we decided to check one more area. We had driven by it several times, but the falling water made it seem obvious this time. On Dave’s first cast he caught a nice 18 incher, then two casts later got another one near that size. We knew where we were starting, but had no idea the potential of the spot.” explained Candle.

Day one brought a limit by 8:40 am, day two by 9:20. Day three took a little longer but the team filled out by 12:30. As it ended up, Candle on Noble were one of only two teams that weighed a 15 fish tournament limit for the three days. Their 34.95 pounds bested second place by nearly 8 pounds to secure the victory and the title of World Walleye Champions.

The team fished a rock jetty covered by 5 to 6 feet of water that protected a public boat ramp. In normal conditions this spot would have been high and dry, but with the flood waters it fished as a typical Mississippi River wing dam. Casting #5 Berkley Flicker Shads and #7 Rapala Shad Raps proved to be the winning combination. The colors of choice were custom painted lures from Dutch Fork Custom Tackle in pink and pearl and a new color called Krome Krappie.

“A big key to our presentation,” mentions Candle, “is the fact that we changed lines as the water fell. If our lures didn’t contact the rocks just right, we didn’t get bit. On day one the water was deeper and we use 6/2 Berkley FireLine to get to the rocks. By day three, we had to go to 14/6 FireLine to keep the lures from diving too deep.”

Noble admitted that another factor in the win was the Spot Lock feature on Candle’s MinnKota Terrova. “We never touched the trolling motor. For three days Johnnie would set the spot lock and never touched the motor again. It kept his 20 foot Crestliner right where we wanted to be regardless of wind or river currents.” The win netted them \$25,000 and a pair of 14k gold rings to commemorate the accomplishment.

In the past two seasons as team mates, Johnnie and Dave have racked up some good results. They have three top ten finishes, been named Cabela’s All Americans, earned two championship births and won the 2010 World Walleye Championship.

Dave Noble resides in Dixon, IL with his wife Anne, two sons Seiler and Elliot and a step son Jacob. He is a graduate of Waseca High School in Waseca, MN. Noble manages a Wal-Mart distribution center in Sterling, IL. He enjoys angling of all types. He has been tournament angling for the past two seasons.

Johnnie Candle resides in Devils Lake, ND with Bobbi Lunday and her 4 daughters Anja, Bailey, Caitlin and Dru Lunday. He is a graduate of Southeast High School in Ravenna, Ohio as well as the University of Akron, Ohio. He has been a professional angler for 18 years. He is sponsored by Scheels Sporting Goods Stores, Crestliner Boats, Mercury Outboards, MinnKota, Humminbird, Navionics, Berkley, Fenwick, Abu, Rapala, Costa Del Mar, Fin-Tech, Today’s Tackle, Dutch Fork Custom Lures, Mack’s Lures, and the Lake Region State College in Devils Lake, ND.

LONG TIME MEMBER STILL ENJOYS GETTING OUT FOR SOME FALL FISHING

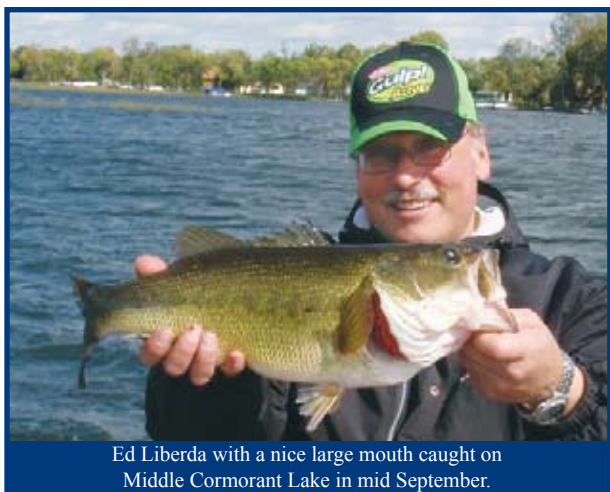

83 year old Chet Gebert displays a Strawberry Lake smallmouth in caught in mid Oct.

By Ed Liberda

While not currently active in the club because of mobility, Chet was a club member for many years when he had his own boat and regularly fished the monthly club tourneys. He is an old time member that is having typical old age problems of an 83 year old. (Notice the old FMW hat in the picture...he was very proud that he still had the hat) His wife passed away in June. He has not been able to fish much in the last 10 years. He is a resident of Trollwood Village Retirement Community on North Broadway. Chet was very active in FMW in younger years and used to fish the monthly Club tourneys when

he was still able. He sold his boat at least 12 years ago but still has the yearn to fish and the accompanying companionship of being out on the water. Older members like Ron Sahr and Bob Jensen know Chet. It was a lot of fun to have him out. This trip was in the second week of Oct. during one of the really nice fall days we had. Three of us were out on Strawberry that Sat and we caught a dozen walleyes. Unfortunately, Chet could not get his hook into a walleye.

- International AYA Championship, Kyle Agre. They really put on a show! Each team is guided, a drawing is done beforehand to match teams with guides. Weather conditions... the day started out very windy then about 1:30pm the sky opened up and it poured for about 25 minutes. Out of 28 teams the Agre's ended up in 12th place. Andrew Kolpack's team won the event. They were 2 brothers not related to Andrew. They caught 6 walleyes weighing around 36 pounds. Note: The tournament uses the Catch, Record, Release method. Which means that the fish is caught, a picture of the fish is taken and the guide confirms the length and that he/she witnessed the catch. The Kolpack team donated the trip that they won to the Make A Wish foundation. Very cool!

- Dinner Dance, Tami Stillwell. Scheduled for Saturday, January 22nd, 2011. The band "Triple Play" will be providing the musical entertainment. Corporate donation requests have been mailed out. If anyone is interested in helping out, please contact Tami @ 701 367 6741 or email her @ stillwelltami@ideaone.net.

Meeting room is already booked. This year there will be a small fee to attend the trip. Everyone that attends this year's trip will get a souvenir hat.

Brian Dahlin... It is very important to get the Walleye Lines articles and submissions to Brian in a timely manner (by the 26th of each month). Lynn Johnson sent Brian an email regarding "Protect Your Right to Fish!" that was on the Cabela's website. Lynn thought that the club should be aware of this issue.

Kyle Agre... The next youth rod building class hosted by Chuck DeRemer has been scheduled for Saturday, March 5th. More details to follow.

Tami Stillwell... ND National Guard, Yellow Ribbon Program. This program re-initializes military personnel back into the community. We have assisted with 2 previous programs by hosting a short fishing based seminar. They have contacted us to help out at more of these. We would like to get a pool of board members & general members that would be able to help out with these. I will be requesting more information about the program. If you have any questions and/or would like to be added to our pool of volunteers please contact me @ 701 367 6741.

Ron Sahr... Wants to make sure that Corey Heiser gets a "special thank you" for providing the Games Galore game for the club picnic. The youth (& a few of the adults) really enjoyed having this available.

Barry Chouinard... 1) Web hosting for our club's website previously was set up through Insight. We have received notification that Insight has now been changed to IdeaOne and the cost will be \$9.95 monthly. 2) Also mentioned the importance of finding someone to work on acquiring Sponsors and Advertisers for our club (was handled by Don Marty who did an excellent job).
